What you need to make it your own

We work in partnership with you to develop a deep understanding of your business strategy and to recommend the ingredient solutions that will help you reach your goals. Our egg products are known throughout the food industry for their quality and dependability, so you can be sure you are working with a partner you can count on.

Leader in Risk Management

Our expertise in risk management is second to none, with the capabilities, capacity and scale to better understand market trends and help you control costs and manage risk.

Industrial Expertise

Insights gleaned from industry research help direct your way to success. Our world-class R&D team of more than **20 dedicated food scientists** and a **10,000 sq. ft. pilot plant** is here to help you identify appropriate products that meet your needs and specifications.

Dedicated & Reliable Supply Chain

You will receive dedicated support from a team of skilled marketers, procurement experts and logistics professionals. With **15 strategically located, state-of-the-art egg processing facilities** across the country, we boast the largest industrial egg capacity, multiple distribution points, export capabilities and an overall broader reach than our competitors.

Real Eggs, Real Results

Our egg products deliver the flavor and consistency you can only get with real eggs in a host of varieties and formats to suit almost any need. From dried to liquid to precooked, all of our egg, and potato production facilities are **SQF Level 3 Certified** to provide unmatched product quality and superior food safety.

For ordering, information, or customer service assistance, call 1-800-328-5474. Or visit michaelfoods.com.

Michael Foods' Commitment to Sustainability

Animal Well-Being (Cage-Free)

The health and well-being of our laying hens is a top priority

We care about the well-being and ethical treatment of animals and are actively working to improve conditions for animals with safe shelter, medical care and proper treatment — requiring all suppliers and employees to responsibly care for and treat the animals we work with at all times.

Environment - Providing fresh air and proper lighting in a safe setting

Nutrition - Designing diets to meet each hen's age-related needs

Disease Prevention - Taking critical steps to ensure hen health

On-site Veterinarians - Provide timely and science based health & welfare of our birds.

Environment

We are committed to reducing our environmental impact

Compliance - Establishing environmental standards that meet laws and regulations

Communication - Making information available about our environmental activities

Resource Management & Conservation - Reducing environmental impacts by managing process generated waste

Continuous Improvement - Continually looking to improve our environmental management system

Human Welfare

Maintaining a portfolio of healthy, better-for-you offerings

Food Safety - All eggs manufactured according to FDA approved processes

Better-For-You - Options available across our portfolio

- Clean Label
- Low or No Cholesterol
- Gluten-Free
- Specialty Products
- Whole-Grain Options

MICHAEL FOODS INC

Product Categories

Dried Eggs

- Exceptionally convenient, mixable and dependable, use dried eggs in a variety of ingredient applications.

- Choose from Whole Eggs, Egg Whites, Yolks and Specialty Blends
- Cage-Free Options Available

Liquid Eggs (Refrigerated & Frozen)

- Our Liquid Eggs are pre-cracked and pasteurized to make your back-of-house both efficient and safe.
- Extended and Short Shelf Life.

- Choose from Whole Eggs, Egg Whites, Yolks, Low/No Fat & Cholesterol and Scrambled Egg Mixes
- Cage-Free Options Available

Enzyme Modified

- Enhanced functionality in emulsion applications, delivering savings, a cleaner label and less ingredient handling.

- Choose from Dried, Frozen and Refrigerated

Precooked Eggs

- Starting with pasteurized eggs, we've fully cooked (verified +165° F) each item to ensure consistency and safety, while decreasing prep - just heat and serve!

- Choose from Egg Patties, Fried Eggs, Omelets, Frittatas and Scrambled Eggs
- Cage-Free Options Available

Hard Cooked Eggs

- Fully cooked eggs utilizing a rotational cook process to deliver centered yolks and tender whites.

- Choose from shell-on, peeled or diced
- Cage-Free Options Available

Potatoes

- Fresh-tasting, refrigerated potatoes that are made with 100% real potatoes, so they have true scratch taste, but require less time and labor to prepare.

Dried Meat

- Nutritious products that start with fully cooked proteins before being dehydrated and incorporated into countless flavors and foods, such as soups, seasonings, and a growing number of pet foods.

Cage-Free Options Available!

Cage-Free

Our American Humane Certified products allow you to menu cage-free dishes with confidence and convenience.

Specialty Blends

Product Code	Description	Pack Size	Net Wt.	Gross Wt.	Case Cube	Cases/ Pallet	Shelf Life	More Info
46025-00702-00	**PrimeX W, Whole Egg, Sugar**	1/50 Lb Box	50 Lbs	55.021 Lbs	2.3027 FT^3	30	540 days	▶

Reconstitution Rate: 1 part egg to 3 parts water

Specialty blends are co-dried (liquid blended prior to drying) egg products with carbohydrates, such as sugar; this protects the fat-protein complex in egg during the drying process. This allows for a more functional product in baking applications.

Enzyme Modified

Optimized. Results.

Enzyme Modified Egg Products

OvaMay™ and Emulsa™ enzyme-modified yolk products feature enhanced functionality in emulsion applications, delivering savings, a cleaner label & less ingredient handling.

- Improved moisture retention in countless baking applications
- Prevents oil from separating under extreme conditions
- Eliminates the need for added emulsifiers and gums
- A range of choices to optimize your baked goods, dressings and sauce formulations

Potatoes

Simply Better Fresh Potatoes.

Potatoes

Real Potatoes

- Made from real potatoes & consistent quality ingredients so they taste like scratch. Never frozen or dehydrated for your fresh advantage.

Performance and Safety

- Consistent, high-quality product thanks to over 40 years our experts have spent perfecting the refrigerated process. Prevents risk of injury from sharp knifes and reduces risk of cross contamination from pathogens on raw potatoes.

Convenience and Savings

- Arrives prepared and ready-to-heat. No cleaning, peeling or mashing. Immediate usability in any culinary application.
- Simply Potatoes provide significant time and labor savings compared to scratch potatoes. Refrigerated Simply Potatoes products give you consistent results and dramatically improved yields.
